Learn how standards fit together

Once a year, we bring together the leaders of our international community to compare notes, review current developments, make connections, and explore open standards as solutions for eBusiness and eGovernment. Vendors and users, regulators and legislators, developers and consultants, researchers and analysts all contribute to the dialogue that shapes how enterprises and governments conduct trade, manage assets and interact with constituents.

Sunday, 15 April

Preceding the Symposium will be a variety of tutorials covering everything from real-world implementations of open standards to secrets to their successes.

*Attendance to tutorials is free with Symposium registration and also available separately.

The following are the morning tutorials:

Lead, Follow or Get Out of the Way: Here Comes SOA
David Smiley, Software AG

Standards: Factors for Success
William Cox, Cox Software Architects

Service Component Architecture (SCA): Part I
Anish Karmarkar, Oracle, **Ashok Malhotra**, Oracle, and **David Booz**, IBM

End-to-End Resource Planning
Andy Lee, China Academy of Sciences

The following are the afternoon tutorials and special briefings:

Service Component Architecture (SCA): Part II
Anish Karmarkar, Oracle, **Ashok Malhotra**, Oracle, and **David Booz**, IBM

The SOA Journey - Deploying and Managing SOA, a HP IT Case Study
Anjali Anagol-Subbarao, Hewlett Packard

OIOUBL: Case Study of How to Implement a Nationwide Procurement Standard
Peter Borresen, Danish National IT and Telecom Agency

Special Briefing: Tips for Effectively Chairing an OASIS Committee
Mary McRae, OASIS

Special Briefing: Things Every TC Editor Should Know
Mary McRae, OASIS

Monday, 16 April & Tuesday, 17 April

The Symposium program features two tracks with content specially targeted for management and technical attendees, as well as several interactive panel discussions. All presentations are geared to assess and preview what emerging technologies and standards are likely to shape the future of eBusiness, eGovernment and the rapidly emerging world of smart, networked semantic information.

Explore open standards as real solutions

GENERAL SESSIONS

Patrick Gannon, *President and CEO of OASIS*, and **Bob Sutor**, *Vice President of Open Source and Standards at IBM Corporation*, will open the program during the first "General Session".

Each day the program will end with an interactive industry panel:

SOA for eGov

Chaired by **Andy Lee**, *China Academy of Sciences and additional panelists will be announced soon*

Five Years Out, What Happened to Web Services and SOA?

Chaired by **Anne Thomas Manes**, *Burton Group*

Panelists include: **Mark Hapner**, *Sun Microsystems;* **Dave Orchard**, *BEA Systems;* **Claus von Riegen**, *SAP AG;* **JR Jesson**, *EDS; and* **Chris Ferris**, *IBM*

MANAGEMENT TRACK

Identity Management Sessions
Chair: Hal Lockhart, BEA Systems

Putting Citizens at the Centre of Identity Mgmt: Building a "Personal Data Service Model"
Peter Brown, *Pensive.eu*

New Generation of Identity Aware eGovernment Applications
Fulup Ar Foll, *Sun Microsystems*

eGov Strategies
Chair: Jacques Durand, Fujitsu

Beijing E-Government and Open Standards
Shao Fu Lin, *Beijing Municipal Office of Informatization*

Promoting e-Business and Web Services Standards to SMEs in Japan and Asia
Kazunori Iwasa, *Fujitsu Limited*

Establishing a National Service Oriented eBusiness and eGovernment Infrastructure
Søren Stauning, *Danish National IT and Telecom Agency*

Biometrics in eB/eG and the Role of the Emerging BIAS Standard
Cathy Tilton, *Daon*

Standards as Solutions
Chair: Abbie Barbir, Nortel

Continuing Through Emergency: eBiz/eGov Continuity and Contingency Functioning Throughout Emergency Incidents
Michelle Raymond, *Honeywell ACS*

Netcentric Analysis Tools: Integration and Interoperability Beyond SOA
Sheryl Sizelove, *Network Centric Operations Industry Consortium*

SOA in the Large
Chair: Andy Lee, China Academy of Sciences

Information System Integration Project of China Securities Regulatory Commission (CSRC)
Zheng Chun, *Beijing Miracle Hi-tech*

The Challenges Ahead
Chair: Jacques Durand, Fujitsu

Lessons Learned from the Evolution of eB/eG Secure Communication: What Does the Future Hold?
Rik Drummond, *Drummond Group*

Interactive SOA: Towards Content-Centric Services
Andrew Townley, *Archistry Limited*

eGov Application Domains
Chair: Bill Cox

NZ SAMS: A SAML v2.0 Case Study
Colin Wall, *New Zealand Government*

Open Standards and SOA Technology Support Service-Oriented Government Reform
Xiao Lan, *ChangFeng Open Standards Platform Software Alliance*

OASIS Standards for eGovernment Integration: Netherlands Government Case Study
Brian Dommisse, *Pheidis Consultants*

eB Doc Standard (DITA) Panel: Industry-Centered Business Strategies
JoAnn Hackos, *President, Comtech Services Inc.*; **Chip Gettinger**, *Astoria Software*; and **Bob Beims**, *Freescale*

TECHNICAL TRACK

Business Documents & Content
Chair: Abbie Barbir, Nortel

Publishing DITA with DocBook XSL
Robert Stayton, Sagehill Enterprises

DocTape: A Document Standards Interoperability Framework for DocBook, DITA, ODF and more!
Scott Hudson, *Flatirons Solutions*

Business Process
Chair: Pete Wenzel, Sun Microsystems

Business Processes in a Global Domain
Monica Martin, *Sun Microsystems*

The Role of BPM in Service Oriented Architecture
Charlton Barreto, *Adobe Systems*

SCA and WS-BPEL
Martin Chapman, *Oracle*

Leveraging SOA
Chair: Bill Cox

A Study on Concept of Quality Chain for Describing Web Services Quality
Youngkon Lee, *Korea Polytechnic University*

Partner Selection for Enterprises in EERP: An SOA and Data Mining Based Approach
Min Ni, *Digital China Co.*

Current State of Affairs in SOA Along with Migration Strategies and Methodologies
John Harby

Crash-Only Web Services
Chair: Paul Knight, Nortel

Failure Semantics in an SOA Environment
Chris Hobbs, *Nortel*

Identity Management Session
Chair: Hal Lockhart, BEA Systems

Digital Identity within eBusiness and eGovernment: Where Are We Now and Where Do We Go From Here?
Bill Barnhill, *Booz Allen Hamilton*

Enterprise Key Management Infrastructures: An Evolution Towards Securing Data for eB/eG
Arshad Noor, *CTO, StrongAuth, Inc.*

eB Doc Standards
Chair: Mary McRae, OASIS

eB Doc Standard (ODF) Panel: A Look at Interoperability
Don Harbison, *IBM*, **Rob Weir**, *IBM, and* **Michael Brauer**, *Sun Microsystems*
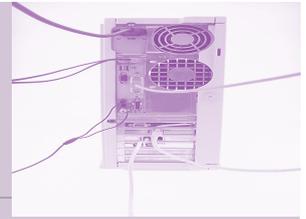

Data Layer
Chair: Bill Barnhill, Booz Allen Hamilton

Research on Beijing eGovernment Information Resources Sharing and Exchanging Platform Based on SOA
Xiaobin Huang, *Beijing Information Resources Management Center*

Data Services: Addressing the Challenges of Transformation to a Knowledge-driven Enterprise
Sri Gopalan, *Booz Allen Hamilton*

SOA Forgot the Data: Enter Composite Data Services
Ash Parikh, *Raining Data Corporation*

Make valuable connections

Wednesday, 18 April

WORKSHOPS

OpenDocument Workshop

Hosted by the OASIS ODF Adoption Committee, this special workshop will focus on the 'implementability' of using applications that comply with the Open-Document format. Adoption, accessibility, programmability, and future enhancements to the standard will be covered.

Workshop presenters:
Don Harbison, *IBM,* **Rob Weir**, *IBM, and* **Michael Brauer**, *Sun Microsystems*

WS-BPEL Workshop

The Web Services Business Process Execution Language (WS-BPEL) is central for defining SOA business processes. This workshop will clarify the business value that BPEL offers, examine common scenarios in which the specification should be applied, and explore usage of advanced constructs.

Workshop presenters:
Charlton Barreto, *Adobe Systems,* **Dieter Koenig**, *IBM, and* **Frank Ryan**, *Active Endpoints*

Attendance at either half-day workshop is free with Symposium registration and also available separately.

OTHER PROGRAM HIGHLIGHTS

TC Lightning Rounds

A fast and fun way to track related work and make valuable connections.

Birds-of-a-Feather Sessions

Held during event luncheons, delegates are free to organize luncheon BoF sessions onsite or in advance.

Book Table Donation & Auction

Books that feature technical and executive-level information on OASIS Standards and specifications will be on display and raffled off to attendees at the end of the event.

Special Briefing for Non-Members

Introduction to the OASIS Open Standards Process from **Peter Roden** *of OASIS*

Don't forget to check out the list of OASIS TC meetings held throughout the week:

- **LegalXML Electronic Court Filing**
- **BIAS Integration**
- **Emergency Management**
- **XRI and XDI**
- **UnitsML**
- **DITA**
- **eGov**
- **OpenDocument and OpenDocument Format (ODF) Adoption**

OASIS

Accommodations

The OASIS Symposium will be held at the San Diego Marriott Mission Valley Hotel. A block of rooms have been reserved for conference attendees at a specially reduced rate of $167 single/double occupancy. Contact the hotel at +1 800-842-5329 and provide the group name "OASIS Symposium" before **14 March**. If you encounter any reservation problems, please contact corazon.palmer@marriott.com .

Registration

Register by **19 March** to receive a $100 discount. Participation is open to members of OASIS, as well as non-members. Symposium meeting fee includes access to all sessions, tutorials and workshops; luncheons (Monday and Tuesday); coffee breaks; reception; and associated materials.

• www.oasis-open.org/events/symposium/2007/registration.php

Sponsorship and Exhibiting Opportunities

Table-top exhibits are an exclusive sponsor option. This exhibit area will provide maximum exposure for event sponsors and will be the highlight of all networking functions. For more details, contact Tanya Bosse at symposium2007@oasis-open.org. Current event sponsors/exhibitors include: BEA Systems, EDS, IBM, SAP, and Sun Microsystems
